

American Historical Society of Germans from Russia

Junior Membership Application and Data Form

Junior Membership Application Date _____

***We can all agree young people are an important resource for any organization.
They bring curiosity, vitality and inspiration wherever they go!***

This is why AHSGR has established and is promoting its **Junior Membership Program**. Our young people, children, grandchildren and great grandchildren, are one of the most important reasons the members of AHSGR have continued their efforts to preserve the precious culture of the Germans from Russia. The goal of the **Junior Membership Program** is to create an interest on the part of young people in their heritage while they are still young. It is our hope and expectation that with continued membership over their growing up and maturing years there will be created within them the same enthusiasm for their heritage we have felt as adult members of AHSGR.

The Junior Membership Program is made up of two divisions: **Youth Members** for ages 14 and under and **Student Members** for ages 15 to 24. As part of their membership, Youth Members will receive an initial Membership Packet, four issues of **Kinderzeitung** newsletter, and official membership card. Youth Membership materials are all targeted to the specific age group. Student Members receive an initial Membership Packet, the regular four annual issues of the AHSGR **Newsletter**, and official membership card. Both receive an initial \$5.00 coupon good toward purchases from the Society Bookstore.

A Junior Membership offers a great opportunity for you to share the joys of AHSGR membership with your children, grandchildren or great grandchildren, and to let them know how much your membership means to you. **A Junior Membership is a great gift for any occasion and a lasting investment in the future!** The annual dues are nominal: Youth Membership **\$8.00**; Student Membership **\$15.00**. Don't miss this opportunity to pass the torch of German-Russian Heritage on to the next generation.
