

**REQUEST FOR GENEALOGY INFORMATION FROM AHSGR DATABASE IN GEDCOM FORMAT  
GEDCOM REQUEST FORM**

AHSGR's genealogy database is compiled from information submitted by members and contains over 440,000 individuals. However, not all of the genealogy information submitted to AHSGR by members is contained in this database, so to perform a complete search, it is recommended you also research the Family Group Card File. If you are not able to visit Headquarters to research this file personally, you may request the AHSGR research staff to perform this research for you by submitting a Research Request Form, which may be obtained from Headquarters or printed from our web site <[www.ahsgr.org/services.htm](http://www.ahsgr.org/services.htm)>. Our database is intended for use as a finding aid, therefore, the Surname Exchange Number (SEN) of each member who submitted information is indicated in the title field, following each individual's name, in parentheses. The SEN is often preceded by either a P, C, M, or U designating the religion of the individual as Protestant, Catholic, Mennonite, or unknown respectively. You may find the name and address of the member represented by their SEN in the Surname Exchange in past issues of Clues (available from AHSGR's library via interlibrary loan or for purchase from AHSGR's bookstore), or you may contact AHSGR to receive this information. Before your request for information in GEDCOM format may be processed, a **signed copyright agreement must be submitted to AHSGR Headquarters**. If you need to obtain a copy of this agreement, please contact the research staff at AHSGR. The costs of receiving information in GEDCOM format are as follows:

Members:       \$10.00 plus \$0.10 per individual downloaded  
Non-Members: \$20.00 plus \$0.25 per individual downloaded

Requests are limited to 1,000 individuals per request and 5,000 individuals per year. To efficiently process requests for information from our genealogy database in GEDCOM format, we ask that you submit the following information.
